My name is Elias Al-Ameri; I am a passionate artist and fashion photographer with roots in both Switzerland and Iraq. In 2022, I earned my Federal Certificate of Competence (EFZ) in photography from the F+F School of Art and Design in Zurich. Since then, I have been self-employed; my artistic practice primarily encompasses photography, conceptual art and creative/art direction. I am intensively engaged in exploring the connections between visual art and fashion. In 2025, I had the honor of being nominated as a finalist for the Swiss Design Award with my passion project “Vanishing Point.”

My life is a constant creative process.
